DR. BLEDSOR'S ALTERATIVE COMPOUND he Remedyover all Remedies for the Dimension the Laver Discipula, Edangement and Information of the Sylven Hardwene, Coix Flatience, Pies, Constraintin, al-discases of the Rocals, and such diseases as arise from a

discuses of the Ronda, and such diseases as arise from a discreted state of the Stonach, Liver or Bottels, as Scrofula and Social and kind. For General Debility, from which Latins frequently suffer, there is not its equal in the whole Materia Medica.

This inventor of this preparation was for three years a completely prostrated from Dyspepsin and inactivity of the Liver that he was frequently for weeks at a time annable to raise himself from his bed. He sought aid from physicians at home and in Europe, but in vaire, his case was pronounced hopeless by themsands, and it was by accident that he succeeded in carrier himself. Since he has been practicing medceeded in curing himself. Since he has been practicing med-icine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and conse-quently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have oeen advertised.

i subjoin the certificate of Prof. M. Gament, of Memphis, Tenn., with whom I often advised during the time of my

Maneurs, Tenn., April 17, 1552.

I hereby certify that I have been acquainted with Dr., J.
N. Bledsee and some years ago he was reduced I set eve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after twing the prescriptions of many Physicians in this as well as other constries, without relief, he finally succeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D.

Physicians are requested to try this preparation. We sel satisfied it will sustain the character we give to it in this publication.

Dg. BLEDSOE: -I take the liberty and fell it to Le my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterptive Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diar-rhea – when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe entirely cured him. MICAJAH CAYCE. entirely cared him.

HENTSVILLE, Oct. 17, 1852.

Dr. Bernson:—Some time has capped since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspapsin. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persended to try your alterative compound, I did so—and I am happy to say that it has entirely cared her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON. HUNTSVILLE, Oct. 17, 1852.

HENTSVILLE, Sept. 29, 1851. Dg. Blanson—Having seen the publication of your Alter ative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form: that I had tried almost every thing that is given by physicians, and never found any thing that would cer tainly relieve me, until I tried the above medicine, which has relieved me in every nation in loss stant an hour WM. D. LLOYD.

Gillia County, Tenn., Dec. 23, 1851. Da. Blanson: —I feel that I should fall short of my duty to you and to those who are alllicted, were I not to further recommend your Alterative Compound. It has entirely re-lieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspensia again I shall be sure to call on you. I am very respectfully your factor. eall on you. I am very respectfully your friend.

HUNESVILLE, Ala., August 24, 1851.
This is to certify, that I had suffered for many years with Dyspersia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I required it because of the same happy affect upon others of my required. JUSEPH CAROTHERS.

Henrisville, Ala., March S, 1852. DR. BLEDSON SID: Judging from the continents you have already advertised, it will be aimost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Despensia and enlargement of the spheen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained

One of them had been afflicted 18 years, the other about a years. They had tried the best physicians in the State, without benefit, and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in rain efforts to effect a cure. They are now by use of the Offirment in a number of cases of Piles, and in no case has it failed of groing immediate relief and generally a permanent cars. NO KILL PAIN we must paralyse the nerves, or in other words produce a pricy of the part to which the price

Eitler is applied.

Pain is an unnatura sensation, arising from an injury or disease which, being transmitted along the nerves to the brain, gives an measy perception to the mind.

Remedies recommended to Kill Pain, or Pain Killings. Remedees recommended to Kint Park, or Park kintens, are either producers of Paralysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suspension of vitality, or if the unfortunate arm or leg, or if the part of the body suffering the tortures of pain, is to suffer an attack of purplysis, we think the the recordy must be worse than the disease. And, if Pain is to be Killed, then the nerves that transmitted this sensation, and the senses that bereeive its mulcasantness, must be killed also then the nerves that transmitted this sensation, and the senses that perceive its unpleasantness, must be killed also. If, on the other band, it is not a "pain killer," it is a misnomer, and not what its advertisement chains for it.

Radway's Ready Relief does not knot pain, but it subdues its paroxyisms and relieves the sufferer from all painful and unneasy acceptations. Radway's Ready Relief is quick in its action—it instantly relieves, and insusclately after sets about removing the cause of the pain, it willow and cares, it relieves and removes the troubling cause, and
